PARENT INFORMATION AND HEALTH FORM
FOR SCHOOL INCURSION

Dear Parent/Guardian,

I am pleased to inform you that on Thursday 9th or Friday 10th August (See class schedule below), students will be attending an incursion to explore Chemical Sciences as part of Science Week.

REASON FOR EXCURSION: This excursion has been planned to supplement the following work being completed in your son's/daughter's classroom:

Material Mysteries (Years K-3)
All around us are things made from different materials that have observable properties. Students find out about materials, about mixing, heating, cooling and changing them.

Mind Over Matter (Years 4-6)
Students will explore a variety of materials, their properties (including strength, hardness, absorbency, weight, buoyancy) and their uses. They will be intrigued by the properties of liquids, solids and gases and how they change with temperature.

ACTIVITIES TO BE CONDUCTED: Students will be participating in their regular Senior Sport groups.
COST: $3.50 per student
TRANSPORT/LOCATION: School Undercover Area

Special clothing or other items required: Full school uniform

CONTACT ARRANGEMENTS: School Phone (9397 4300)
SUPERVISION TO BE PROVIDED: Class teachers will supervise their own classes.
