

Farmyard on Wheels Incursion

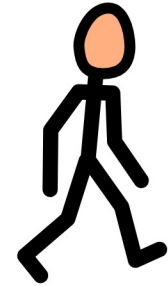

Soon farm animals will be visiting our school.

My teacher will tell me what day our class will see the animals. Other classes will also see the animals.

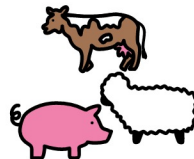

When it is time to visit the animals, I will put on my hat and line up with my class.

I will walk with my class to visit the animals.

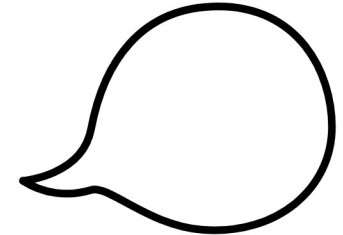

First, Farmer Mick will tell us all about the farm animals.

Some of the animals that will visit our school are a sheep, goat, horse, goose, duck, chicken and rabbits.

I will be able to touch the animals if I want to. I will be soft and gentle. If I don't want to touch the animals, that is ok.

If I have any questions, I can ask a teacher.
