French Crepe Van

On Wednesday, 28 October, a crepe food truck is visiting my school.

I can buy a crepe from this food truck when it comes to my school.

There will be different crepes to choose from.

Choosing what crepe I would like helps the line move smoother.

To pay for the crepe I use my own money.

I can bring cash.

Or I can bring a card to pay for the crepe.

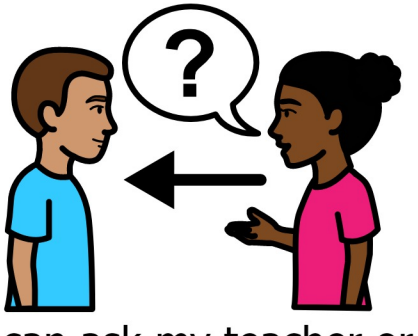

My money or card is my responsibility. I will keep it safe when I bring it to school.

I will need to line up to order my crepe at the food truck.

When it is my turn to order my crepe, I will try my best to speak in French.

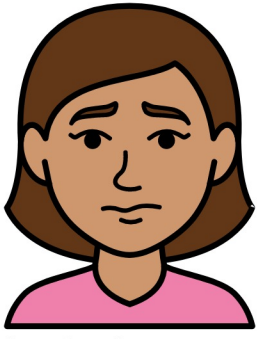

I can ask my teacher or classmates to help me if I am unsure.

I might feel anxious or worried when ordering my crepe in French.

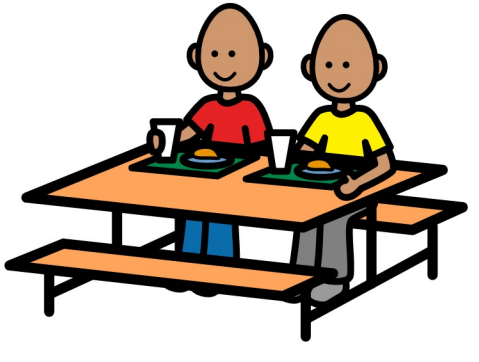

Feeling this way is ok, I can ask my teacher or my classmates for support.

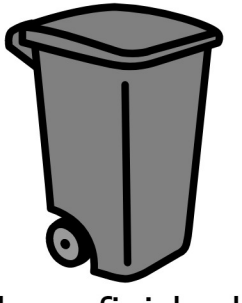

If I make a mistake I can take a deep breath and try again.

After I order my crepe I will hand my money or card to the person in the food truck to pay for it.

Then I can eat my crepe with my classmates.

When I have finished eating I need to put my rubbish in the bin and re-join my class.
